

ALEXANDRA GAMEZ

El Paso, Texas | gamezalexandra17@gmail.com | (915) 920-9363

EDUCATION

MS in Economics, 3.83 GPA

Expected May 2027

University of Texas at El Paso | Woody L. Hunt College of Business

- Coursework: Applied Econometrics, Applied Mathematical Economics, Panel Data & Discrete Choice Models, Microeconomic Theory, Macroeconomic Theory, Economic & Financial Applications of Python

BS in Computer Engineering, Minor in Cybersecurity

December 2017

Texas A&M University | College of Engineering

- Relevant coursework: Natural Language Processing (A), Data Structures & Algorithms (A), Information Storage & Retrieval (A)

QUANTITATIVE RESEARCH PROJECTS

Algorithmic Amplification & Content Bias on Twitter/X

- Built a complete research pipeline end to end — data collection, an NLP/machine-learning classification system, and causal statistical inference — independently, from research question to results.
- Applied a difference-in-differences design (Panel Data & Discrete Choice Models coursework) with a matched control group to estimate the causal effect of a major platform policy change across 14 content categories.
- Classified a 4-year, ~695,000-observation dataset with a custom NLP/keyword pipeline (AI-assisted, manually reviewed), ran the regression analysis in Stata, and documented limitations as a validation step.

Wages vs. Inflation: A CPI Analysis

- Built a Python pipeline to collect, clean, merge, and validate large public administrative time-series datasets (BLS and FRED APIs) into a longitudinal panel; documented, reproducible code published on GitHub.
- Produced descriptive statistics, tables, and visualizations of real vs. nominal wage trends, with a clear first-pass interpretation written for a nontechnical audience.

EXPERIENCE

Teaching Assistant, Online MBA Program

February 2026 – Present

University of Texas at El Paso | Economics & Finance Department

- Support graduate-level economics coursework through assessment design and student feedback.

Technical Lead

January 2024 – August 2025

Steele Consulting | El Paso, TX

- Led code reviews and quality-assurance standards for a high-volume logistics platform on a contract representing 20% of annual company revenue; checked code, reconciled outputs, and documented decisions.
- Managed project timelines across a cross-functional team while working in the data layer (PostgreSQL, MSSQL) to keep large, fast-moving datasets accurate and reliable; mentored developers on the team.
- Tech stack: Angular, TypeScript, ASP.NET, C#, PostgreSQL, MSSQL

Software Developer

June 2021 – November 2022

mPulse Mobile

- Built and maintained custom web applications handling sensitive, confidential patient data for healthcare clients, including health insurance companies and private practices.
- Tech stack: Python, React, Django, Java

Software Engineer Associate

January 2018 – October 2020

Lockheed Martin Aeronautics Co.

- Designed and maintained automated data/software integration pipelines for the Integrated Fighter Group (F-22) program, serving as the verification point between software and hardware teams.
- Built and maintained CI/CD pipelines in Python and Jenkins to improve software reliability and deployment speed.

Student Researcher

2016 – 2017

Texas A&M Parasol Parallel Processing Lab | Under Dr. Nancy Amato

- Contributed to parallel processing and robotics research within one of Texas A&M's flagship computing research labs.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Scikit-learn, Matplotlib), R, Stata, SQL, machine learning / NLP pipelines, data pipelines, API integration

Research & Quantitative Methods: Causal inference (difference-in-differences), statistical inference, research design, literature review, panel/longitudinal data analysis, regression analysis, data quality control & validation

Data & Reporting: Database design, data visualization, tables and charts, technical writing for academic and nontechnical audiences, Git

COMMUNITY SERVICE & VOLUNTEERING

Code Savvy (Minneapolis) — coding instruction for underrepresented youth

2022 – 2023

Girls Inc. / Big Brothers Big Sisters / Adult Education Math Tutor (TX)

2017 – 2020
